Research Paper

Title:
Supervisor:
Abstract: 150–300 words Provide some context or background information for your research. Determine the general topic under study and the specific topic of your research. Specify the central question or problem that your research addresses. Explain what is already known about your topic, what previous research has been done or shown, and why it is important to engage with your topic. Describe the main materials and methods of your research and explain what you expect to examine, change, or challenge through your research. Please also provide 5–10 keywords and 3–5 bibliographical references relevant to your research topic.
